A Great Little Guide for Working with Crystals for HealingBy Blue PicTThis nice little book by Master Choa Kok Sui is a great little guide for the proper use and care of Crystals for healing purposes. I do recommend for anyone doing healing work to learn the techniques and good practice for increasing your healing effectiveness by using Quartz Crystal Healing Wands. The Wands designed by Master Choa Kok Sui are the most powerful and effective as they amplify a persons innate healing ability. These are pointed on one end with a rounded end to fit into the palm and the energy is more easily focused using the hands to direct the intent to the site needing healing, so very effective. Easy to follow guidelines and instructions presented in this wonderful guide.1 of 1 people found the following review helpful. Great gems...By DitaI love this book! ??
